All-New Santa Fe Increased 101 Percent

FOUNTAIN VALLEY, Calif., June 1, 2007 -- Hyundai Motor America today reported sales of 43,885 for the month of May, up three percent representing the best May sales in company history. Hyundai's all-new 2007 Santa Fe led the strong sales with an increase of 101 percent over May 2006. Our fuel-efficient 2007 Accent and the all-new 2007 Elantra kept the momentum going in their segments; the Accent increased almost 10 percent and the Elantra increased five percent over May 2006.

"We are pleased with our May results and are looking forward to a very strong finish in the second quarter. With consumer awareness of Hyundai's quality, safety, and outstanding value on the rise, we are confident our sales growth will continue," said Dave Zuchowski, Hyundai's vice president of National Sales.
