Innovative Hyundai ‘Elevate’ Walking Car Concept Creates a New Vehicle Category, the UMV, Ultimate Mobility Vehicle

- Wheels with robotic legs allow users to drive, walk or even climb over the most treacherous terrain

LAS VEGAS, Jan. 2, 2019 – At CES 2019, Hyundai will present a totally new vehicle concept. This vehicle combines the power of robotics and EV technology to take people where no vehicle has been before. The four-legged Hyundai ‘Elevate’ will redefine our perception of vehicular mobility. This design concept and prototype will be showcased at the Hyundai’s press conference on January 7 at 3 p.m. at the Mandalay Bay South Convention Center, Level 2, Oceanside B.
