Convenience Features (cont'd)		Blue	SEL	Limited
HomeLink® Integrated Transceiver (located on inside rearview mirror)  What is HomeLink®? HomeLink® is an integrated transceiver (a transmitter and receiver) that can be programmed to activate radio frequency (RF) devices such as garage doors, estate/community gates, entry door locks, home/office lighting, security systems or other RF devices. How does HomeLink® work? Through a simple training process, HomeLink duplicates the codes of the original transmitter. 		-	-	S
