Hyundai Selects Assured Performance Network As Its Certified Repair Network Partner

- **Hyundai to Make it Easier for Customers to Find Certified Dealership and Independent Repair Facilities**
- **Goal to Ensure Hyundai Certified Collision Repair Centers are in Every Community**

FOUNTAIN VALLEY, Calif., Dec. 9, 2022 – Hyundai Motor America has selected Assured Performance Network, a division of OEC, as its strategic partner to administer and manage the new Hyundai Certified Collision Repair Program. The program will identify, certify, and promote dealership and independent facilities as collision repair providers of choice to Hyundai drivers across America.

“Our new partnership with Assured Performance Network reinforces Hyundai’s commitment to providing the highest quality service and repair for all Hyundai customers,” said Monique Jackson, senior manager, wholesale and accessory sales, Hyundai Motor America. “We are also pleased that our Certified Collision program provides the Hyundai dealer network another valuable tool to deliver on commitments to their customers throughout the ownership lifecycle.”

All existing Assured Performance Network Certified Providers will be able to add these exclusive credentials to their business, provided they are sponsored by a Hyundai dealer, pay the certification fee, and meet certain Assured Performance Network and Hyundai Motor America certification requirements. Program information is available at www.gethyundaicertified.com.

“It’s an exciting time as we launch the all-new Hyundai Certified Collision Repair Program,” said

Leanne Jefferies, director of strategic accounts, OEC CRN North America. “Adding Hyundai Certified credentials to the Certified Collision Repair Network provides top-performing collision repairers with an effective means to differentiate themselves in their market.”

Assured Performance Network, a Division of OEC

The mission of the Assured Performance Certified Repair Program is to raise the industry's technical capability and business operating standards. Our objective is to ensure each certified repair business has what is necessary to properly and safely repair current and future vehicles manufactured by the participating automakers, provide consumers with an exceptional experience, and offer employees a career opportunity within a professionally operated business. Assured Performance Network is the largest network of OEM Certified repair providers in the world with over 3,500 Collision Repair Providers participating, and administers the US OEM Certification programs for Hyundai, FCA/Stellantis (Fiat, Chrysler, Jeep, Ram, Dodge, and Alfa Romeo), Kia, Nissan, and INFINITI GT-R.
