## Hyundai Motor America Named a Top Workplace of Southern California for 2022

- Recognized as a “Best Place to Work” by the Annual Employee-Voted Survey

**FOUNTAIN VALLEY, Calif., Dec. 9, 2022** – Hyundai Motor America was named as a top workplace of Southern California by [Topworkplaces.com](https://www.topworkplaces.com). The recognition is based on employee nominations and an engagement survey.

“We’re proud to be recognized as a top place to work in Southern California, most importantly because this award is the direct result of feedback from our employees,” said José Muñoz, president and CEO, Hyundai Motor North America. “Our company is built on a commitment to collaboration, to our customers and to doing the right thing for humanity, but none of that would be possible without each and every one of our amazing team members.”

The award highlighted Hyundai Motor America’s purpose, vision, mission and values. It also included key details about the company’s inclusive and connected company culture and its nonprofit Hyundai Hope On Wheels.

Top Workplaces celebrates nationally recognized companies that make the world a better place to work together by prioritizing a people-centered culture and giving employees a voice. The Top Workplaces awards are based entirely on feedback from an employee engagement survey completed by the employees of participating workplaces.
